

The Harveian

Term 1. 2022-2023

Dear Parents/ Carers,

Welcome to the term 1 edition of the Harveian and I hope you will once again enjoy reading all about Harvey life. There is much of interest to read about in this edition, including information on some of the curriculum-related days pupils have been involved in within school such as a Forensics Day and European Day of Languages. You'll also read about our visit from author Dan Freedman, and although I don't normally share this type of note, I thought I would on this occasion as it is something that the boys and staff should be proud about. Dan wrote to me after his visit and said:

"I'm fortunate enough to have visited over 2000 schools around the country in the last 15 years and I can safely say my experience at Harvey Grammar School was one of the best. The students were attentive, polite, interested, enthusiastic and considered. The staff I met, led by Mr Wise, were absolutely terrific and a pleasure to work alongside. To see how reading is woven, quite literally, into the fabric of your school is hugely inspirational. Thank you again for a great day and I will recommend visiting your school to all other authors."

Well done to our boys and staff for showcasing the Harvey at its very best. I trust that all are now looking forward to a well-earned half-term break and we look forward to welcoming all back to school on Monday 31st October.

The Harvey Grammar School
Est. 1674

Mr S Norman
Headteacher

A huge vote of thanks to the students and staff who contributed to this edition. Contributions from all students, past or present, are always welcome as are contributions from parents and carers.

**IF YOU ENJOYED
DIVERSITY IN
LITERATURE**
then try reading

LOOK BOTH WAYS

Jason Reynolds conjures ten tales (one per block) about what happens after the dismissal bell rings, and brilliantly weaves them into one wickedly funny, piercingly poignant look at the detours we face on the walk home, and in life.

ACE OF SPADES

ACE OF SPADES, a shocking twist. Buried secrets come to light when two students are targeted by an anonymous bully with an explosive agenda.

BOY, EVERYWHERE

A story of survival, of family, of bravery ... In a world where we are told to see refugees as the 'other', this story will remind readers that 'they' are also 'us'.

EIGHT PIECES OF SILVA

Becks is into girls but didn't come out because she was never in. She lives with her mum, stepdad and eighteen-year-old Silva, her stepdad's daughter. Becks and Silva are opposites, but bond over their mutual obsession with K-pop.

ALEX IN WONDERLAND

Painfully shy Alex is abandoned by his two best friends for the summer. Alex starts to come out of his shell, and even starts to develop feelings for co-worker Ben... who, as Alex's bad luck would have it, has a girlfriend.

Visit by Dan Freedman, author.

This term, Y7 were lucky enough to meet the famous author of the Jamie Johnson books, Dan Freedman. During his interesting talk, Dan told us that he didn't like reading as a kid but did enjoy football. Before he became an author, he was an interviewer of well-known footballers and met Ronaldo, Messi and many others and was allowed to watch football matches from the commentator box for free.

Sounds awesome!

When Dan Freedman initially tried to publish the first Jamie Johnson book, he was rejected by publisher after publisher and they told him to come back when he had changed and made the book better. Even after he improved his novel, all the publishers still kept rejecting him and they eventually told Dan that he shouldn't come back to them. Dan decided to give up, but

his friend had told him to keep trying otherwise it would've been years of his life he would never get back. It turned out to be good advice and Dan Freedman is now a world famous author proving that it pays to persevere.

Now his best-selling books have been adapted for TV by the BBC. Wow!

To conclude the visit, Dan gave away a £5 note and a football to the people who asked the best questions... what a star!

MFL News

European Day of Languages at The Harvey

Term 1 is always a very busy time for us in the MFL Department. European Day of Languages is celebrated every year on 26th September. It aims to promote the linguistic diversity of Europe and raise the importance of language learning for everyone. It was first celebrated in 2001

Five years ago, we decided that we were going to raise the profile of European Day of Languages in school and make this a celebration for everyone.

Our new Yr7 students started the now tradition of making postcards which we sent to staff in school to be displayed in classrooms and offices

You can still see some around school!

We try to encourage teachers who would not normally use a language to do so so is a whole school celebration.

- ▶ Ms Brannelly has been teaching Russian
- ▶ Mr Barker teaches Italian and Latin
- ▶ Mr Castle greeted everyone on the gate in French and his Yr12 students were not allowed to leave his lesson until they had tried a new language
- ▶ Miss Chapman teaches Geography in French and Spanish
- ▶ Mr Cowling organised a European football tournament
- ▶ All forms are invited to take part in the quiz
- ▶ The Diner offers food from around the world

This year:

Our Year 7 students made their postcards and posters which were distributed not only in school but to the community.

- ▶ Some went to their old primary school
- ▶ Some went to Mum or Dad's work place
- ▶ Some went to local shops
- ▶ Some went on the fridge at home

Of course, some went to teachers and support staff as they do love to receive them!

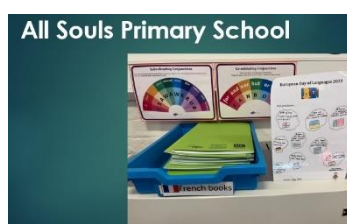

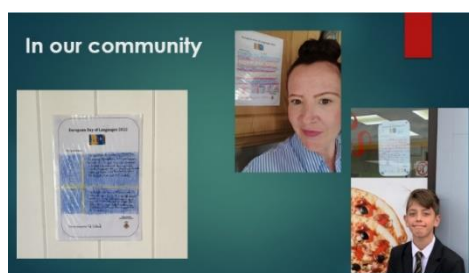

Our Sixth Form Language Ambassadors made a film for the younger students to promote language learning.

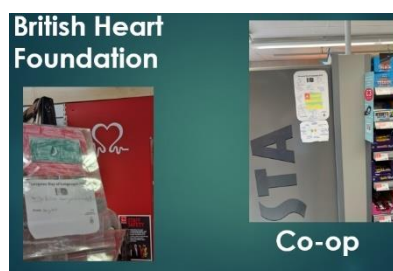

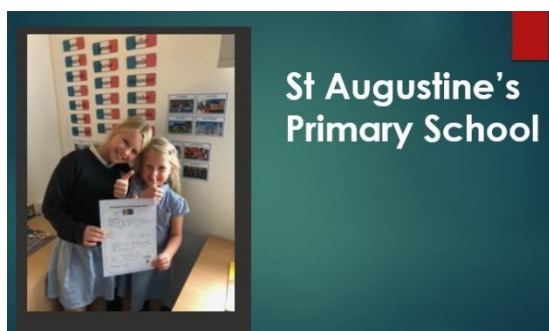

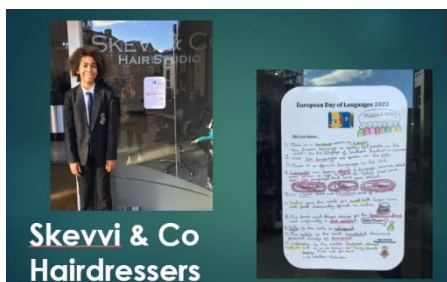

Thank you so much to everyone who took the trouble to send us a photo.
We shared them in Assembly for all to see!

Merci beaucoup! ¡Gracias!

Mrs Wyllie
Head of MFL

Here are some of the photographs & messages that were sent in.

Today I have received a postcard designed by my Grandson who is a year 7 student. I was very honoured to have be chosen to receive this excellent piece of work. Although I am in my 70's I have studied Spanish for the last 7 years and look forward to sharing this beautiful language with Sonny. Thank you Harvey Grammar School. Best wishes.

MFL Stars of the Week

Every week each MFL teacher selects two students to be their 'Stars of the Week' based on effort and achievement in their language lessons. Mrs Wyllie then sends a positive referral home.

Congratulations to all our winners so far!

Year 12 Cinema Visit – coming soon....

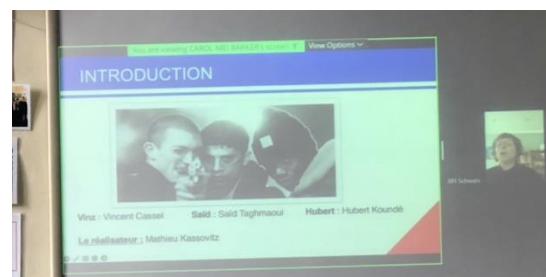

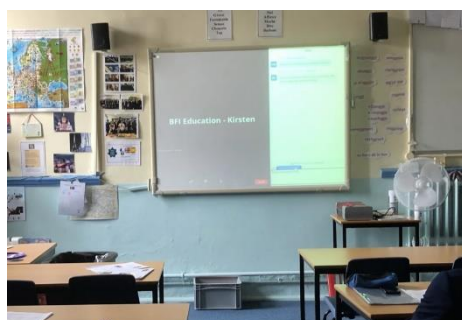

We are planning to take our Yr12 French students to the Silver Screen Cinema in December for a special screening of 'La Haine'.

The film is part of their A level course.

On 27th September, Year 13 students took part in an online conference run by the BFI looking at the key themes in La Haine.

An excellent session enjoyed by all.

F24

F24 is a youth led green power challenge that involves constructing an electric vehicle that is raced against other schools from the UK in famous F1 tracks like Silverstone.

The DT department have kindly formed a team of enthusiastic pupils to finish the already partially assembled F24 car so that they may be able to race it next year. The team consists of 12 pupils who were selected to represent the school at races and finish the car.

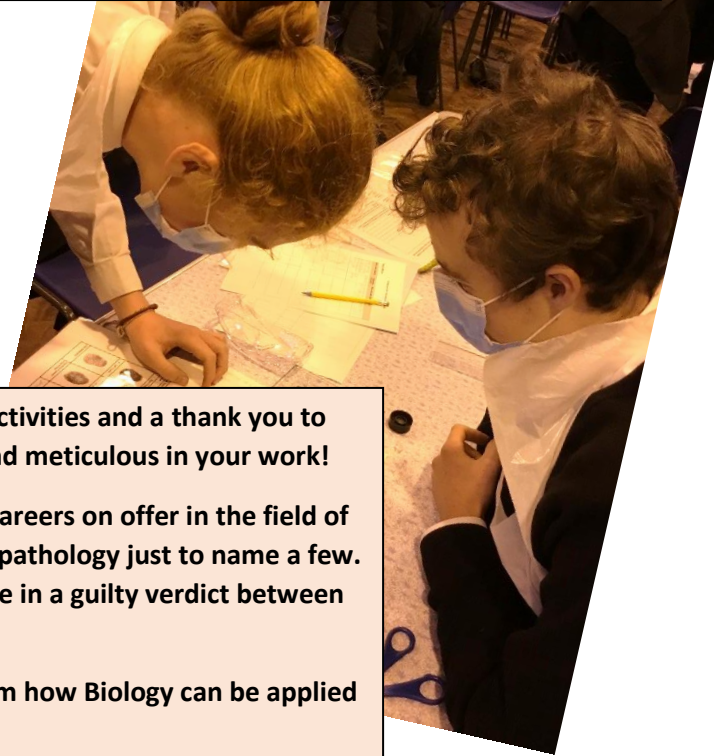

Over the course of the year we (F24 team) will continue to give updates along our racing journey and how we are doing!

Written by Isaac J (Team media lead)

Biology Department

Forensics' Day

A massive thank you to Sam from MEBP for running the day's activities and a thank you to those Year 10 who took part – you were engaged, thoughtful and meticulous in your work!

It was enjoyable to watch the students learn about the range of careers on offer in the field of forensics; digital forensics, anthropology, forensic accounting and pathology just to name a few. The final presentations were well put together, with a clear divide in a guilty verdict between two of the suspects.

I hope the event sparked interest in the students and showed them how Biology can be applied to real life situations. *Mrs Bennett*

The Forensics science day was a very enjoyable and interesting experience. I learnt a lot about the world of forensics during the time Sam was here including the different aspects of science that are included and all the different branches of science that can take you to being a forensics scientist or investigator.

I really enjoyed the activities that we participated in, collecting data and information about different suspects as well as the victim. The collecting of evidence from the different scenarios was really interesting as well as being calculated and meticulous. The bit that I enjoyed the most was collecting prints using the magnetic dust because it was really fascinating watching the prints become clear as the dust stuck to the oil left from the person's finger.

It was interesting to learn about how the police department collect and store data such as prints, and moulds taken from the scene to catalogue and store for later use. I learned that there are three types of fingerprints - arch, loop or whorl. You can have different types of fingerprint on the same hand, for example I have 2 arches on my left hand, but all the rest are loops. Overall, I really enjoyed the experience and I think that I learnt a lot. *AJ Yr10*

There were many activities. We started in five groups, understanding how a forensic scientist would extract a footprint. By using good solutions which harden, we could extract, mould, and examine to determine whose it was.

Later on, we were introduced to other factual talks on forms of evidence and how you would examine, analyse, and compare them in a real-life situation. This included blood, fingerprints or fingermarks, and DNA.

It was fascinating to see and explore how so many different and diverse sciences (from computer science to pathology) can all be used in real-world examples. My favourite was how you can determine so many factors about someone just by their spine. We had some fun training in fingerprint examination and handwriting forgery before we had a full-on investigation.

We used the knowledge that we had learnt from the exercises to examine the crime scene in many different ways. We could:

- Examine DNA analysis.
- Explore computers' data files.
- Consider who and why fingerprints were found at that place.
- Ponder how the suspects' history could all tie into the murder.
- Survey the crime scene.
- Investigate clothes and evidence left at the crime scene.

In the end, we all in our teams created a report of our findings and determined who murdered the teacher, why we think that and what evidence we have to show.

This was a lot of fun because it wasn't just some small exercise sprinkled throughout the day, but a full-fledged investigation that allowed everyone to participate regarding their strength. *LB Year 10*

Lizzie, our school dog.

Lizzie certainly missed you all over the Summer Holiday, but I know she found some comfort in being allowed “off lead” at School during most of the 6 week break. She used this time to explore every inch of the site and tried her best to “help” the various contractors with their work, along with trying to assist myself and the site team with our projects.

It wasn't all work for Lizzie, however, as we did manage to have a few days away from school which allowed for beach walks in the sun and even a trip to Dungeness on the Light Railway!

She spent a few days and nights staying with Ms Halsey over the Summer, which meant she could get back to her normal routine of being overly spoilt with attention, treats and toys, and she has most recently spent a long weekend with Mrs Gooding and her family, which included her own dogs: Bluebell and Beau.

The first day of term was filled with excitement for her, and she especially liked meeting the new Yr7's and greeting her old friends that had worked with her last year. She truly missed the buzz of school life so was pleased to get back into the School routine.

Lizzie has now been formally introduced to our new Year 7's in assemblies, which gave her a chance to meet them all personally, and allowed me to give some information about Lizzie and how she is used within our school.

Don't forget that if you would like to be involved in the Lunchtime Sessions, please let your Tutor know to pass on your name to me along with a permission slip from your parent or guardian highlighting their consent. I will aim to begin the Yr7 sessions after October Half Term.

Mr Walton

Star Wars Club

They come to fight!
They come to have fun!
Star Wars club is for everyone!

Human Powered Vehicle World Championships

The school kindly granted leave for William T to attend the above in The Jura in Eastern France in July 2022. It's was a very successful 3 days of racing and he returned home as the Junior World Champion!

PSHE Matters

PSHE is a vital part of the school's education programme and helps children and young people to stay safe, healthy and prepared for life's challenges.

A growing body of research shows that pupils who are emotionally healthy do better at school. PSHE education helps children and young people to achieve their potential by supporting their wellbeing and tackling issues that can affect their ability to learn, such as anxiety and unhealthy relationships. PSHE education also helps pupils to develop skills and aptitudes such as teamwork, communication, and resilience. These are crucial to navigating the challenges and opportunities of the modern world, and are increasingly valued by employers.

The school works with the PSHE Association, updating our curriculum in line with government regulations, to ensure that our students are regularly accessing the most current up to date resources and information. We will be using a progressive spiral model, in which students will study three key themes throughout their time at The Harvey - Health & wellbeing, Living in the wider world and Relationships.

We also have close links with Kent Police, along with local charities & support groups who assist us with our delivery.

The themes progress over the years to meet the needs and maturity levels of our student. For further information about the curriculum or any specific comments or questions please contact us via email at: enquiries@harveygs.kent.sch.uk

Term 2 Themes:

- Year 7 - Online Safety – How to stay safe online
- Year 8 - Discrimination - Discrimination in all its forms, including: racism, religious discrimination, disability discrimination, sexism, homophobia, biphobia and transphobia
- Year 9 - Family Relationships - Families and parenting; healthy family relationships; conflict resolution; and relationship changes.
- Year 10 - UniFrog Careers - Getting ahead – Applications; CVs; and Work Experience
- Year 11 - Responsible relationships - Pregnancy; parental responsibilities; and committed relationships

A few thoughtful and wise words from our student Eco Council, along with a request for **Students** and **Parents/Carers** help in their drive towards a greener world.

Throughout human history we have relied on very basic forms of energy; human muscle, animal muscle and the burning of biomass such as wood or crops. However, things took a turn for possibly the worst in the Industrial Revolution when we began to use a whole new energy resource: fossil fuels. Fossil energy has been a fundamental driver of the technological, social, and economic development which has followed.

As we (students and parents) are aware, the burning of fossil fuels has many negative impacts on the environment. When these fossil fuels are burnt, they produce carbon dioxide and are the largest driver of global climate change. They are also a major contributor to local air pollution, which is estimated to aid millions of premature deaths each year. At the end of this article, I will give two tips to help cut down on Carbon Dioxide emissions at school, one for the students and one for the parents.

It is evident that everyone needs to do their bit at the Harvey to help cut down on Carbon Dioxide emissions, as this will benefit not only the students at the school, but also the local people of Cheriton and Folkestone. During my time at the school, I have been pushing for us to become more eco-friendly, and now that I have reached the Sixth form, I feel just as strongly about combatting global warming as I did in my younger years at the Harvey, and as I am now in a position where I am fortunate enough to have an opportunity to get my message across, I will do so.

One way that the students can help combat climate change, and help slow down global warming, is to simply use a reusable bottle. 86% of plastic water bottles used in the UK either end up in landfill or as litter. Not only will using a reusable bottle be better for the environment, it will also be cheaper. According to a study completed by Friends of the Earth charity, the average cost of bottled water is 65p per litre, whereas tap water costs only 0.1p per litre. With this in mind, it is cheaper and better for the environment to get a reusable bottle.

The parents of Harvey boys could help in many ways, but my tip for you today is to simply turn off the engine of your car whenever you are waiting- specifically when you are waiting for your child to finish school. On average, idling used up to ½ gallon of fuel per hour. If you were waiting for your child for, say 15 minutes, every week you'd be costing yourself one pound, and that's just from waiting outside of school. Furthermore, every week you'd emit 554.4 grams of carbon dioxide a week. So, with all this in mind, I think that it is clear that we all need to be more environmentally conscious and do our bit to help cut down emissions at a local level.

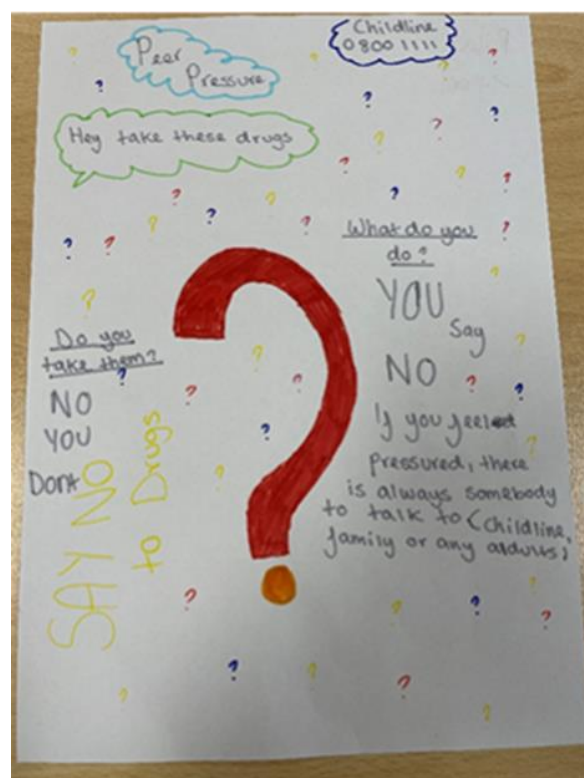

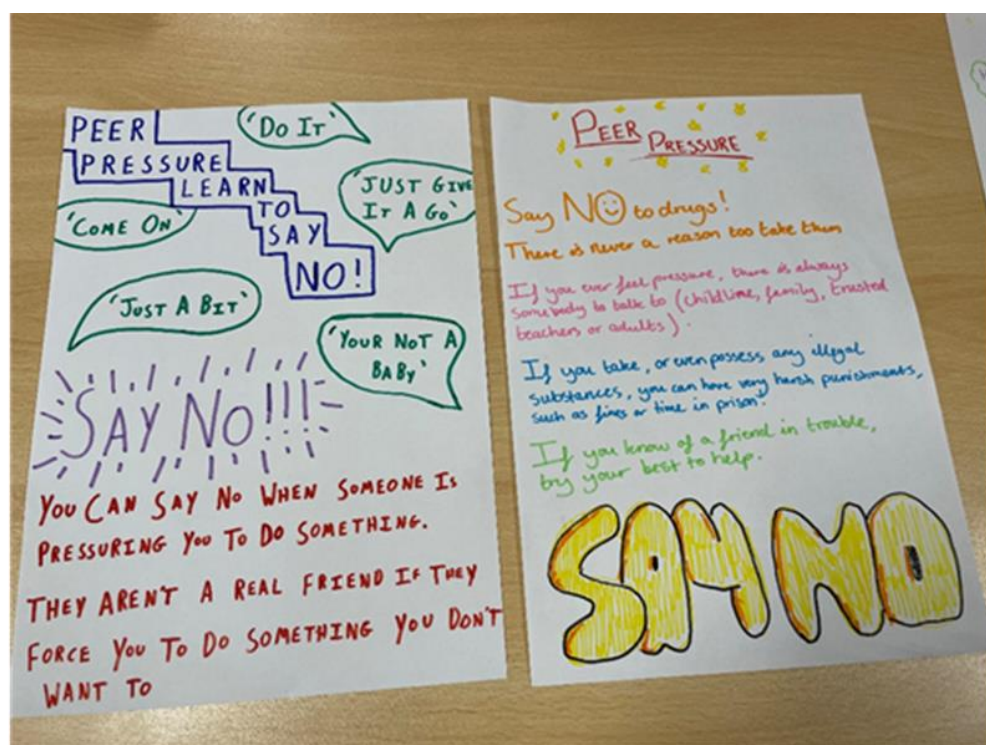

Matt H

In this age of faster, larger and quieter cars it is imperative that we all help to ensure safe roads for our children. A large number of Harvey students walk to school and need to cross Cheriton Road directly outside of the school. We have the large yellow zig-zag lines across each side of our entrances, inline with the crossing islands, giving the students a safe, clear crossing. As the risks become greater during the darker winter months, may we respectfully ask that the no stopping rules that come with these lines are adhered to by all.

Year 8

Peer Pressure

FOOTBALL

U12

The Yr7s have made a good start to their Harvey footballing careers, with the As & Bs remaining unbeaten so far. After our annual friendly against Norton Knatchbull early in the term, our A team's league season began with a 6 – 0 victory at home to Brockhill. The Bs will face league opposition early in term 2. Both sides have also progressed in to the next round of their respective county cups, with wins against Towers (As) & Whitstable School (Bs). Standout performances from Marcus M, Jack S, Archie E & Oliver H.

U13

We started off the season this year with a bang, beating a strong Brockhill u13 side, 6-0 and our striker Beau M getting a hattrick. Defensively, we were on point not allowing them to have any space or time on the ball to create chances for themselves. This really helped the team to get going for games in future. Our next game was in the cup, so we had to get the ball down and play to our strengths. We didn't know how strong King Ethelberts were going to be, so we were on edge at arrival. We got to the pitch and realised it wasn't the most ideal, however, that didn't stop us from playing football. The midfield threaded some amazing balls through to our attack, who were not hesitating to score goals. At half time we had a 5-goal lead but we didn't stop there and we finished the game 12-0. For our third game, we were off to Lenham feeling confident after our previous results. We got off to a bit of a slow start however we did manage to go 1-0 up. Unfortunately, they equalised, tying the game 1-1. After this goal the defence adapted really well and understood where to be in result of the skidding ball. They were kept quiet for most of the game after that and only managed to score one more. The attack and midfield failed to disappoint, scoring a cracking 12 goals! Additions from the Harvey B team settled in really well, intercepting passes and playing good balls forward. (Report by Oliver R)

U15

Following a competitive inter house competition the A and B squads for the Ashford and Folkestone Football Leagues were selected. A practice game was played, early on in the term, between the 2 squads which was played in good spirit. With the B team going ahead after a fine strike by Toby G, the A team though relaxed and started to play to their potential finally winning 3-1.

The A team have played a friendly against a very good Norton Knatchbull team. Another tough test for the team but they battled well and the final result 1 -1 was accepted by both teams. In the league a comfortable 3-1 win against Brockhill has started the boys league campaign well. Arthur C at Striker and and Jacob W at Centre back deserve a

mention, even this early on as key players to the future successes of this team. Without doubt Sam G (Captain) in goal is an inspiration on the pitch demanding the very best from his players and organising them from the goal! The B team start their league campaign next week, captained by Sam R with a match against The North school. Playing against A teams these games will be challenging but a great opportunity for the players to shine and possibly a place on the bench for the A team! Good luck for the rest of the season boys!

U16

The U16s have started the year in strong fashion, collecting maximum points in the league, and getting through the first round in both County Cups. Performances have been impressive, especially a 4-2 away win v Dane Court, avenging the loss and county cup exit at their hands last year. They will no doubt take some confidence from these opening fixtures in their hunt for more silverware this year. Coach Hark had the following to say: *"Overall I'm really pleased with the team so far this season. They have played some brilliant football at times, and have certainly continued to develop as a squad. I'm also looking forward to the U16B season getting underway in Term 2, as we have a lot of keen players looking forward to representing the school at this age group. It's great to see this enthusiasm and it bodes well for the future. I am hopeful that the players can continue their good from into next term – if they can hit the performance levels I know they are capable of, they have a really good opportunity to reach their goal of winning a County Cup."*

1stXI

Having had the majority of the squad together for a few months, with the preparations for this Summer's tour leading to good performances over in America, hopes were high for the senior team this season. As has been the case for the past few years, team selection has been difficult, with boys have other educational commitments at times on a Wednesday afternoon. This being said though, the team have produced some great performances, sitting joint top of the East Kent Premier Division as we head in to Term 2. Five games in to the league season, we have lost just once, to a strong Sir Joseph Williamsons side, picking up great away victories at Simon Langton & Borden Grammar. The 18 goals have been shared amongst the squad (Clark L

(Yr12) currently top scorer with 3). Special mentions need to go to Max F (Yr13), for his work in midfield, Jacob C-W (Yr13) who has used the ball really well higher up the pitch as well as to Ihab A, Isaac E & Ralph B who have kept things solid at the back. The league concludes after the October half term, with 4 more fixtures, whilst our attentions also turn towards the County Cup, where we are hoping to go one step closer than last year & bring back the trophy.

2nd XI football report

It's been a mixed season in terms of results for the 2nd XI so far. An ever-rotating team, due to lesson requirements certainly hasn't helped, but the spirit amongst the squad has been great, with Captain Archie M leading the side excellently. Our opening game 7-1 victory against QES was the highlight so far, with yr 11 Ryley P scoring twice on his debut and Archie scoring 5 (typically poaching most of them from within the 6 yard box !). A disappointing 0-0 draw against Beech Grove in a game we could and should have scored many, was followed by losses to Borden and Simon Langton, the top two teams in the league. We currently sit 4th in the East Kent Division 2 and will be looking to climb higher after half term with games against some of the lower placed schools coming up.

EAST KENT DIVISION 2 LEAGUE TABLE

Pos	Association	Pl	W	D	L	F
1st	Simon Langton GS for Boys	4	4	0	0	12
2nd	Borden GS	3	3	0	0	24
3rd	Oakwood Park GS	3	3	0	0	8
4th	Harvey GS for Boys	4	1	1	2	9
5th	Beech Grove School	4	1	1	2	3
6th	Maidstone GS for Boys	3	1	0	2	5
7th	Norton Knatchbull School	3	1	0	2	2
8th	Queen Elizabeth's GS	3	0	0	3	2
9th	Cornwallis Academy	3	0	0	3	0

Under 14 team football report

Year 9 is always the age group where physical development has a huge impact on the success of teams. It's a time where many talented individuals can get frustrated, often struggling against bigger and stronger, but technically weaker opponents, as they await their personal 'growth spurt'. This has very much been the story of our season so far. Spirited and tactically astute performances haven't always led to the successes often deserved.

The A team have played 3 and lost 3. The highlight so far was an excellent match away against Lenham where Louis Jordan

scored in a very narrow 2-1 defeat. It was a game that we could easily have won having dominated possession and creating many good scoring chances.

Meanwhile the B team have a 1-1 record, with a great victory against Wye school. The B team are playing in a league against other school's A sides and have matched their opponents very well so far. Captain Will K has led the team very well and has been ably assisted by their top score Lucas S. The A and B squads have a huge number of boys very keen to play and we will be rotating players in as the season progresses. Special mention must be made to our 2 goalkeepers Austin T and Oliver B who have played excellently so far with both equally capable of performing for the A team.

County Representation

Six of our current 1st XI recently represented the Kent Schools U18 squad in matches against the Independent Schools FA at Charterhouse School in Surrey. This is the most players the Harvey have ever had in a single U18 squad and highlights the strength we currently have in the senior teams. This is a huge achievement for both the school and the boys, who conducted themselves with distinction, performing excellently against a very high calibre of opponents

USA TOUR

It was an early start for the drive to Heathrow, but we were all so excited. We had been preparing for months prior, having done infinite laps around the athletics track and Mr Walton getting out the resistance bands after every session. The flight was long, especially with some passengers reclining their seats a little too far and one player getting a little travel sick, to everyone else's amusement. Eventually we landed in Boston and the heat hit us as we stepped off the plane.

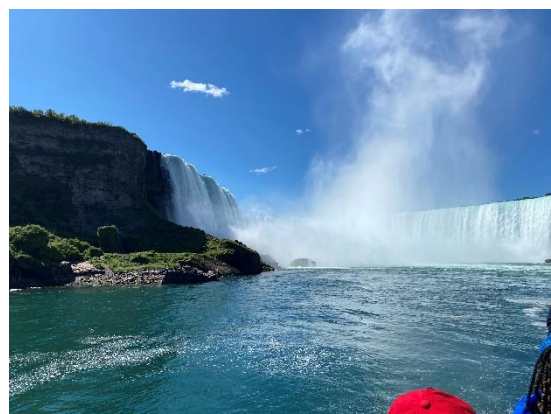

After a quick bus journey, we arrived at the hotel and found another Mr Castle there waiting for us. We quickly threw our things into the rooms and were straight off to a Red Sox game. After multiple attempts of the game being explained to us, I think we got it but there were other players distracted by some certain other members of the crowd. Besides those distractions, the atmosphere was buzzing, not something we thought to expect. Maybe a bit too much for Isaac, fainting mid-game! The next day we were introduced to numpty of the day. Having to wear the oversized Disney nighty for the first time was Gunjan just for typical Gunjan behaviour. During the few days in Boston,

we had lots of opportunities to explore the city, meeting lots of interesting people with bizarre talents. We took a duck tour of the city, some of us even allowed to drive the bus turned boat (not very well). We also travelled to the Gillette Stadium where we were taken on a private tour of the home of The Patriots as well as The New England Revolution. The stadium was massive seating over 65,000 people, plus more with the undergoing expansion.

We then travelled to Buffalo staying in another hotel for the night. We visited Niagara Falls; it was spectacular as we floated over to the bottom of the waterfall that drenched us.

We then had a long, wet journey to our first host families in Alfred, New York. All our host families in Alfred were amazing taking us to do many things including to watch the local drag races. We had multiple training sessions here using the local colleges fantastic facilities, as well as our first match. Winning 7-0 there were some banging goals but also an open goal missed by Jacob (its on twitter if you want to see). Not only this but a risky slide tackle from Josh on a player from his own host family!

After a week of amazing experiences in Alfred we moved on to our next host families in Binghamton. Mr Castle (Dave as he was mistakenly called by one of the host families) had some interesting ways of getting us there, adding a few hours onto our journey. As a team we went to watch New York Red Bulls, whilst wearing vintage football shirts. Most of the team thought we would give the Red Bulls a good game. Some of us were lucky enough to have the opportunity to visit New York City with our host families seeing all the famous attractions such as Time Square, The Statue of Liberty and The Empire State Building. We

were able to spend time driving quad bikes, dirt bikes and go carts as well as crashing quad bikes, dirt bikes and go carts! We were able to gain the true American experience whilst staying with these families, from the different food (and lots of it) to the music they listen to. It was incredible.

Not only did we enjoy lots of different activities, but we were able to play football against very different oppositions than we are used to, on some incredible facilities. Our second game finished 7-0 against a mixed Chenango Forks and Maine Endwell High School side, in weather that we definitely weren't used to. We played our third game against BC United a local travel side on an indoor pitch, drawing 1-1 with a penalty equalizer from Captain Lewis.

The tour was a once in a lifetime experience that we would all recommend to anyone who is given the opportunity. Not only were we able to play some amazing football on professional facilities but also enjoyed the holiday of a lifetime, having done activities we may never be able to do again. We all met amazing people, building relationships and creating memories that will last throughout our lives. (Report by Matt C Yr13)

BASKETBALL

Training on a Thursday evening, Key Stage 3 Basketball Club has attracted a lot of interest from our students this term. Fifty plus students turning up regular to the club with established players from year 8 and 9 attending and some new talent scouted by the standing captains Kai TA (year 8) and Swarmin T (Yr9). Year 7 have followed suit working enthusiastically and have a player base of 16 now who have attended regular and have shown real promise. Competition starts in term 3 with the local leagues again taking place across Folkestone and Ashford. A full complement of teams have been entered across years 7 -11.

At training we have worked on individual skills and have started to look at the various counter attack and set plays which we will use this year.

As you may be aware from our successes last year, our year 7 and 8 basketball teams have been entered once again to play basketball in the Jr. NBA League organized by Basketball England in partnership with the NBA. The League will feature 30 school teams that will represent one of the 30 NBA teams throughout the season. The format will mirror the NBA including a team draft, regular season games, a single-elimination playoff and final to

determine the Jr. NBA League Champion. These fixtures will start hopefully in the middle of term 2.

SPORTS LEADERS

Congratulations to the students below who have been selected for the HGS Sports Leaders team 2022-23. Application letters were completed during September and selection made with parents being informed officially last week.

QUINN R	CALEB W	SAM N	ELLIOT F W	DOUG T	CHARLIE C
HARRY R	NOAH S	ROBI A	RYAN S	LUCAS S	STAN R
THEO C	HARSHAL M	WILL B	HARRY B	ISHY A	TRISTIN D
JASPER C	DYLAN S	SAMMY B	JAMES T	SAM S	ALFIE W
IRA J	LOUIS J	WILL K	JACK B	THOMAS S	BOBBY D
ALFIE B	JOSEPH H	HAMZA A	OLIVER B	LOGAN C	ETHAN M
CHESTER C	AUSTIN T	BEN A	ENZO V	TOMMY S	TAYLOR R
FREDDIE L	EDEN W	ILYA O	TANJOK L	SEBB R	

It is pleasing to see so many Year 9 applying again and succeeding after successful initiation into the Leadership scheme last year.

This year the boys will once again experience the role of Leadership by supporting at the many sporting primary and secondary events organised by The Sports Trust. Additionally, this year they will have 5 training evenings to complete the new HGS Sports Leaders booklet. The initial program for this is listed below.

- Term 2 -Leadership skills and values
- Term 3 - Differences between physical education, school sport and physical activity
- Term 4 - Leading safe sport and physical activity
- Term 5 - Health and well-being
- Term 6 Leading and planning

They will receive a Bronze/ Silver/ Gold Certificate once all these tasks are completed.

To complete and achieve their Harvey Grammar School Sports Leaders Certificate they will need to complete tasks at the end of this booklet in the Active Sports Leadership Tasks Section. These will be completed during the year. The tasks which can be completed in lessons, at extracurricular clubs and Primary school competitions. Rather like a log book of their experiences and development as Leaders.

Along with these new aspects of the scheme we will also provide some NGB training. The Tennis Leaders Award will be delivered again for all as well as some Athletics Officiating Courses.

Congratulations and good luck to the new team.

INTER HOUSE

INTER-HOUSE FOOTBALL RESULTS SHEET SEPTEMBER 2022

	Year 7	Pts		Year 8	Pts

Harvey Grammar School Sportsman of the Term

Beau M (Yr8)

Top Goal scorer in the school with 10 goals.

Harrison C (Yr12)

Earning a scholarship contract at Colchester United.

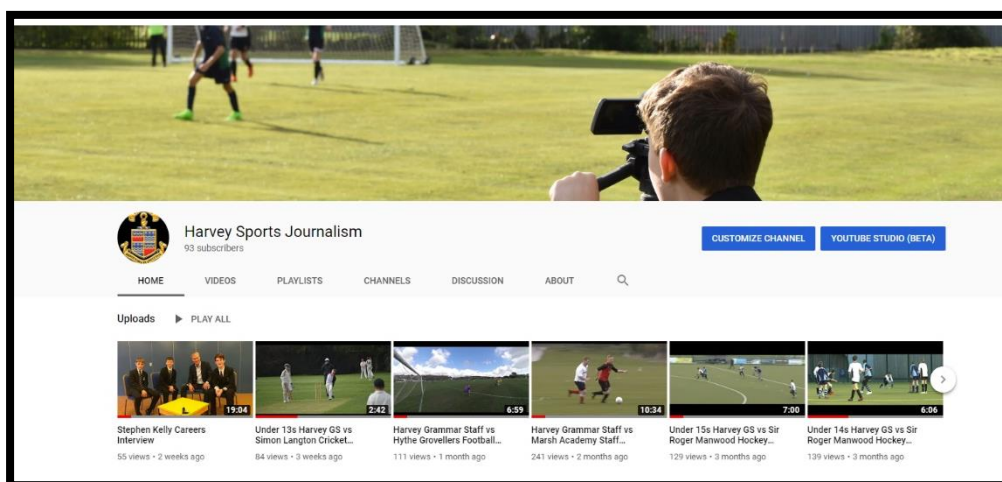

YOUTUBE CHANNEL

At the start of last year the Harvey Sports Journalism YouTube channel was created on which a majority of sporting fixtures including Football, Basketball, Hockey and Rugby are recorded, edited and uploaded to the public allowing people to really see what goes on in the Harvey Grammar Sports Department. You can also find the Harvey Sports "How To" series that were produced by staff members during Lockdown, as a means to learn new sporting skills.

If you would like to watch some of the sporting fixtures which are already on the channel please go to YouTube and search Harvey Sports Journalism or copy and paste the following link into your browser:
