

## **TEACHER OF DESIGN AND TECHNOLOGY**

We are seeking to appoint an imaginative, enthusiastic, and committed teacher of Design and Technology to join this outstanding selective school for boys. This is a rare opportunity to join a friendly, collaborative and successful department in a genuinely high achieving school.

The department currently comprises two full-time DT specialists housed in a suite of rooms well equipped with all the facilities required to deliver a high quality Design and Technology curriculum from Year 7 all the way to Y13. Design and Technology is a popular subject choice at GCSE with the boys studying the Product Design route. The department also deliver A Level Design and Technology at Post 16 with groups in both Y12 and Y13.

The vacancy is available from September 2020. The post is suitable for an NQT, where you could expect a large amount of specialist support in your first year, but is equally suited to a more experienced colleague looking for a new challenge with high achieving and motivated students.

The school is committed to safer recruitment practice and pre-employment checks will be undertaken before any appointment is confirmed. This post is subject to enhanced DBS clearance.
